ANNUAL SECURITY REPORT

2015

Review Period January – December 2015

Published October 1, 2016

Modified on September 26, 2017

This document was modified on September 26, 2017 in order to extract South Campus and Woodfin Campus crime statistics that were previously incorporated into the chart for “Non-Campus Properties”. The South Campus and Woodfin Campus charts can be found on pages 46-49.

This document reports crimes for calendar years 2013, 2014 and 2015.

Crime statistics for 2013 and 2014 are labeled “Not Reportable” as the Woodfin Campus did not open until January of 2015.

The South campus opened in January 2013 therefore 2013, 2014 and 2015 crime statistics are included in this document.

Introduction

Asheville Buncombe Technical Community College (A-B Tech) prepares this report in compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act* (The Clery Act). The security report is designed to provide you with important information about your safety and security and contains statistics about crime on campus. Safety is a shared responsibility and we strongly encourage every community member to contribute by reporting crimes and any suspicious activities.

Campus crime, arrests and referral statistics include those reported to A-B Tech Police and Security Department and Campus Security Authorities. A-B Tech also requests statistics for crimes on or near our campuses and non-campus properties that are reported directly to other law enforcement agencies.

An annual email is sent to all employees and currently enrolled curriculum students that contains a web link to access this report. The report may also be found on the College website at <https://www.abtech.edu/campus-police-and-security/campus-safety-and-security-reporting>. Copies of the report may also be obtained at the A-B Tech Police and Security Department located in the A-B Tech/Mission Health Conference Center on the Asheville Campus.

Law Enforcement Authority

The A-B Tech Police and Security Department employs both sworn police officers and non-sworn security officers. Police officers are state certified and have full authority to enforce state and local laws and to make arrests on all A-B Tech campuses, the public properties within and immediately adjacent to those properties and non-campus properties under the control of A-B Tech. Both police and security officers are authorized to issue citations and make disciplinary referrals for violations of college parking and traffic regulations and the Code of Student Conduct.

The A-B Tech Police and Security Department has mutual aid agreements with Asheville Police Department, Buncombe County Sheriff Department and Madison County Sheriff Department and may request the assistance of those agencies in the investigations of major incidents committed on A-B Tech properties. The A-B Tech Police and Security Department also has an agreement with Asheville Police Department for entering stolen vehicles and other stolen articles into the NCIC database. Through necessary permitting, A-B Tech Police and Security Department have computer access to state, interstate and national databases containing vehicle and driver information, criminal histories and other state and federal law enforcement information.

- Crimes occurring on non-campus sites should be reported to the law enforcement agency of jurisdiction by dialing **9-1-1**.

The A-B Tech Police and Security Department encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public record under state law, A-B Tech Police and Security Department cannot hold reports of crime in confidence. Confidential reports made in the interest of campus security may generally be made to other A-B Tech Campus Security Authorities as identified on the next page. With such information, the college can keep an accurate record of the number of incidents, determine where there is a pattern of crime and alert the campus community to potential danger. Reports filed in this matter are counted and disclosed in the annual campus crime statistics.

Counseling

Asheville-Buncombe Technical Community College provides free, confidential counseling and related services for students through the office of Student Advising and Support Services. A-B Tech recognizes the dual relationship that exists when counselors support both the institution and its students. Each counselor is bound by and subject to the code of ethics relevant to their certification and/or licensure. Each counselor is also responsible for seeking appropriate guidance regarding the issues that may arise as a result of this dual relationship.

As a result of the negotiated rulemaking process which followed the signing into law of the 1998 amendments to 20 U.S.C. § 1092(f), clarification was given to those considered to be campus security authorities. Campus “Professional Counselors,” when acting as such, are not considered to be Campus Security Authorities and are not required to report crimes for inclusion into the annual disclosure of crime statistics. They are encouraged, if and when they deem it appropriate, to inform persons being counseled of the process to report crimes on a voluntary basis for inclusion into the annual crime statistics. The rulemaking committee defines counselors as:

A “professional counselor” is defined as an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

Voluntary Confidential Crime Reporting

Any student who is the victim of a sexual assault, domestic violence, dating violence, stalking or any other crime, or who witnesses any crime on any A-B Tech property is strongly encouraged to report that crime to the A-B Tech Police and Security Department for investigation and appropriate disciplinary referral or legal action. Any student who is the victim of a crime that occurs during any College sponsored activity not on a College property is encouraged to report that crime to the law enforcement agency having jurisdiction. Students who do not wish to pursue a crime through legal remedies may confidentially report a crime directly to any Campus Security Authority as identified on page 5 of this report. While maintaining the student’s confidentiality, the Campus Security Authority will work with the appropriate college officials to investigate the report for the purpose of identifying and implementing necessary preventive measures. Individuals wishing to anonymously report a crime may also submit an online incident report at www.abtech.edu/campus-safety.

The A-B Tech Police and Security Department shall not be involved in the investigation. The circumstances of a reported crime will be evaluated to determine if a timely warning should be issued. Under no circumstances will a student’s preferences override the College’s responsibility to ensure the health and safety of the reporting student or of the greater college community. Statistical information from all voluntary confidential crime reports will be recorded for inclusion in required crime statistics reporting.

Timely Warnings

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Police or the Chief’s designee, constitutes an ongoing or continuing threat to health or safety, a campus wide “timely warning” will be issued.

Timely warnings are sent to all currently registered curriculum students and current employees using the college email system. Students and employees should take responsibility for checking their email accounts frequently. Students and employees also have the option to receive text alerts, in addition to an email. Timely warnings are issued based on the nature of the crime, if the crime is a continuing danger to the college community, and if the notification does not interfere with law enforcement efforts.

Members of the college who know of a crime or other serious incident should report the incident immediately by phone (**828-279-3166 or 828-398-7125**) to the A-B Tech Police and Security Department so that a Campus Safety Alert can be issued, if warranted.

The sole purpose of a timely warning is to insure the health and safety of the college community. Accordingly, victims' names will be held as confidential and will not be included in any notification.

Emergency Notification

In the event of a situation that poses an immediate threat, such as a severe weather event or an armed intruder, A-B Tech will immediately initiate the mass notification system. Upon confirmation of an immediate threat, through direct observation or a credible report, the President or his designee will immediately initiate the notification process unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim, contain the emergency, respond to the emergency or otherwise mitigate the emergency. All available methods of emergency communication will be utilized such as, mass notification system, emergency text messages, computer "pop-up" messages, and postings on the college and social media websites. **Note:** All students and employees are encouraged to update their profile information in WebAdvisor to receive emergency text messages. WebAdvisor can be accessed from the college website at <http://www.abtech.edu>

A-B Tech utilizes building captains in each building to facilitate the appropriate emergency response. Procedures to be followed in an emergency are outlined in the Emergency Management Guide which is posted in all classrooms and offices throughout each campus. Various tests of the Emergency Management Plan including secure in place and evacuation procedures are conducted periodically on all campuses.

Testing Emergency Response and Evacuation Procedures

Emergency response and evacuation drills are coordinated by the A-B Tech Campus Police and Security Department each semester for all facilities on the Asheville, Enka, Madison, Woodfin, and South campuses. Thus, the emergency response and evacuation procedures are tested at least twice each year and, sometimes, three times a year. These drills may be announced or unannounced. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Students are not told in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated evacuation assembly area on campus, and other factors such as the location and nature of the threat. In both cases, A-B Tech staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes. Students also receive information about evacuation and secure-in-place procedures during their New Student Orientation.

Evacuation drills are monitored by the A-B Tech Campus Police and Security Department and the Building Captains to evaluate egress and behavioral patterns. Evaluations are prepared by participating departments which identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

A-B Tech Campus Police and Security Department coordinates announced and unannounced emergency response and evacuation drills each semester to test the emergency response and evacuation procedures, and to assess and evaluate the emergency evacuation plans and capabilities. A-B Tech's emergency response and evacuation procedures are posted in all classrooms and offices throughout each campus. Documentation of emergency response and evacuation exercises will be maintained for seven years. This documentation includes a description of the exercise, date the exercise was held, the time the exercise started and ended, and whether the exercise was announced or unannounced.

Secure-in-Place Guidance— When a situation exists, such as an armed intruder in the immediate vicinity or a severe weather event, such that it would be inadvisable to leave the relative safety of a building, secure in place procedures will be initiated.

Basic “Secure-in-Place” Procedures - A secure-in-place notification may come from several sources, listed in the preceding Emergency Notification section.

1. If you are inside, stay where you are. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Close and lock classroom door.
3. Turn off the lights.
4. Get on the floor, away from doors and windows, out of the line of sight.
5. Maintain calm and quiet.
6. Silence cell phones.
7. Await directions from emergency personnel.
8. Do not attempt to leave safe area until given the ALL CLEAR by college officials.

Evacuation Guidance— When a situation exists, such as a fire, such that it would be advisable to evacuate a specific area or the entire campus, evacuation procedures will be initiated.

Basic Evacuation Procedures — An evacuation notification may come from several sources, listed in the preceding Emergency Notification section.

1. Follow evacuation routes to the nearest building exit, taking your possessions with you.
2. Proceed to the Evacuation Assembly Areas.
3. Keep drives and accesses clear for emergency vehicles.

4. Do not re-enter the building
5. Await directions from emergency personnel.

Access to Campus Facilities

A-B Tech encourages an open environment with limited constraints to ensure the reasonable protection of all members of the college community. A-B Tech is a non-residential institution of higher education. Therefore, most campus facilities are normally open during business hours. During non-business hours access to all College buildings is by key, if issued, or by admittance via the A-B Tech Police and Security Department. Individuals who wish to access College buildings or property during non-business hours or for special events should contact the appropriate department administrator, Coordinator, Facilities & Accounts Manager, or Campus Police and Security Department. During non-business hours, the Police and Security Department can be contacted by calling 828-279-3166.

Security Considerations in the Maintenance of Campus Facilities

A-B Tech is committed to campus safety and security. Exterior lighting and landscape control is a critical part of that commitment. A-B Tech Police and Security Officers and Plant Operations personnel regularly conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. A-B Tech Police and Security Officers conduct routine inspections of lighting on campus during regularly assigned patrol duties. If lights are out or dim, officers will initiate an immediate work order, which is promptly acted upon by Plant Operations. The College encourages employees to report any deficiency in locks, lighting, steps or handrails, roadways, or unsecured equipment through the “School Dude” work request system located at <https://portal.abtech.edu>.

Security Awareness and Crime Prevention Programs for Students and Employees

New Student Orientation is a required activity for all incoming curriculum students at A-B Tech. During this classroom-based or online orientation program, students are informed of services offered by the AB Tech Police and Security Department. Topics include the following: how to reach campus police for emergency and non-emergency situations, detailed instructions regarding the College emergency notification system and procedures, personal safety tips, as well as how to contact the Title IX Coordinator for incidents involving sexual misconduct. Students are also shown the A-B Tech Police and Security department webpages which contains more detailed information about student rights, campus security, and crime statistics on-campus.

A similar program, New Employee Orientation is required for all full time and part time regular employees. Professional Development sessions are offered annually to all employees on a variety of topics including College Emergency Response drills, Sexual and Other Unlawful Harassment workshops, Title IX training, sessions led by the local rape crisis center (Our Voice), and the local domestic violence prevention center (Helpmate).

The A-B Tech Police and Security Department regularly partners with the Student Life and Development office to help raise awareness on issues of campus safety. The department sets-up information booths at Activity Day events which are festival style programs during which all curriculum classes are canceled for a two-hour block. This provides an opportunity for students to interact with Police and Security officers in a positive relationship-

building manner. During these events, wallet sized safety cards are distributed to students and employees. The card contains contact information for A-B Tech Police and the Title IX Coordinator, safety and risk reduction tips, and encourages the holder to report suspicious behaviors, sex/gender based harassment, dating violence, domestic violence, sexual assault, or stalking. Keychain flashlights and whistles with the A-B Tech Police and Security Department phone number are also distributed.

The Student Life and Development office annually sponsors prevention and awareness programs that promote awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. Programming includes statements that A-B Tech prohibits sexual assault, domestic violence, dating violence and stalking, as well as definitions of these offenses in NC, definitions of what is consent, safe and positive options for bystander intervention, as well as signs of abusive relationships and behaviors. The Student Life and Development office regularly partners with the Student Advising and Support Services office to host annual substance abuse and mental health awareness events for students and employees. Additional events are held in partnership with community-based agencies specializing in sexual assault and domestic violence awareness, response, and prevention.

In addition to seminars, information is disseminated to students and employees through the A-B Tech website, security alerts to computers and cell phones, social media tools, College catalog, the Student Handbook, and educational brochures in Coman and Bailey buildings.

Drug and Alcohol Policy and Procedure

Drug and Alcohol Policy

It is the policy of the Board of Trustees that A-B Tech will maintain a learning and working environment that is free from the negative impact of drug and/or alcohol abuse. The College prohibits students, employees, and visitors from being on the College's premises or attending any College-sponsored activity at a non-College location while impaired by any impairing substance. The College also prohibits the manufacture, possession, use, distribution, or sale of controlled substances or alcohol during work time and breaks, on A-B Tech premises or class/work sites, while driving a College vehicle, and/or while driving any vehicle for a College-sponsored, sanctioned, or required activity, with the following exception.

This policy permits College-sanctioned activities approved in writing by the President where alcohol is manufactured, possessed, used, distributed, sold, served, and/or consumed for academic, continuing education, social, or other purposes consistent with the College's procedures and applicable legal requirements. These documents will be maintained in the President's Office.

Definitions

Student: A person who is registered for, enrolled in, or attending an A-B Tech course, regardless of the course location.

Employee: A person who is hired to provide services to the college on a regular basis in exchange for compensation and who does not provide these services as part of an independent business.

Visitor: A person on the College’s premises or attending any College-sponsored activity who is not a student or employee.

Impairing substance: Any substance that, when introduced into a person’s body, has the effect of impairing, to any degree, that person’s mental or physical faculties. Impairing substances include, but are not limited to, alcohol in any form (ethanol, methanol or isopropanol), any substance included within the North Carolina Controlled Substance Act, prescription medications, over-the-counter medications and chemical inhalants.

Controlled Substance: A drug, substance, or immediate precursor included in Schedules I through VI of the North Carolina Controlled Substances Act and/or any drug listed in Title 21 of the United States Code and other federal regulations. Alcohol: the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols, including methyl and isopropyl alcohol.

Drug and Alcohol Procedures

Employees

A-B Tech complies with the Drug Free Workplace Act and applicable Department of Education requirements by taking the following steps, as they apply to employees:

1. Prepares the College’s Drug and Alcohol Prevention Program (DAAPP) for annual distribution to all employees.
2. Publishes the Drug and Alcohol Policy and Procedures on the employee Portal page and established an annual email notification with a link to the online documents.
3. Incorporates information about the Drug and Alcohol policy and procedures in New Employee Orientation.
4. Offers an Employee Assistance Program (EAP), which includes drug and alcohol information, short-term counseling, and referrals.
5. Notifies employees of their obligation to inform the Human Resources Department of any conviction of a criminal drug violation in the workplace (see below).
6. Maintains a process for notifying the contracting or granting agency within ten days of receiving notice that a covered employee has been convicted of a criminal drug violation that occurred while on the College’s premises or while participating in a work-related activity. Conducts a thorough and timely assessment regarding internal consequences for such conviction.
7. Reserves the right to search the person, vehicle, and/or personal property of employees when on College property and/or while on duty regardless of location, consistent with applicable law.

8. Establishes a separate file in the Human Resources Department where employee drug/alcohol information is maintained. The confidentiality of any medical issues discussed is protected as required by law, and this information will only be shared on a legitimate need-to-know basis or when required by law.

Consistent with the Drug Free Workplace Act, employees are required to:

1. Sign a Drug-Free Workplace Statement as a condition of employment.
2. Abide by all terms of the Drug and Alcohol Policy and Procedures.
3. Notify the Human Resources Department in writing, within five calendar days after conviction of a criminal drug violation that occurred while on the College's premises or while participating in a work-related activity.
4. Participate in the Employee Assistance Program and/or complete a treatment program, if required by the College as a condition of continued employment.

The legal use of prescribed or over-the-counter drugs is permitted on the job only:

- if it does not impair the employee's ability to perform the job effectively and in a safe manner
- if it does not endanger the employee or others in the workplace or
- if it does not interfere with student learning or services.

If an employee needs to take a prescribed or over-the-counter drug that may impair his/her judgment or performance in any way, the employee is required to notify the immediate supervisor before working. It is the employee's responsibility to use appropriate College procedures (i.e. request sick leave) if any use of legal drugs presents a safety risk. Any medical issues discussed will be kept in confidence according to legal requirements.

Employee Assistance Program/Substance Abuse Treatment

A-B Tech encourages the identification and treatment of alcohol and chemical dependency in its early stages before work is affected. Toward this end, the College retains the services of an Employee Assistance Program (EAP) to assist employees who request help with substance abuse. Employees will not be disciplined, demoted, or terminated for seeking professional counseling and/or treatment to recover from an alcohol or chemical dependency. However, employee performance and work behavior will continue to be evaluated consistent with the College's expectations and requirements.

Drug/Alcohol Screening

A-B Tech maintains a drug/alcohol screening program consistent with legal requirements. All drug/alcohol screening is conducted in an approved laboratory identified by the College and in accordance with the NC Controlled Substance Examination Regulation Act. All drug/alcohol screens must be approved by, and

coordinated through, the Human Resources Department, except those required after hours, which must be approved and coordinated by the Campus Police Department. Drug and/or alcohol testing occurs under the following circumstances:

1. Pre-Employment: Pre-employment drug screens are required for employees in safety-sensitive positions and/or College programs where such screening is a requirement for placement at a clinical or other site.
2. Post-Accident: An employee in a safety-sensitive position will be required to complete a postaccident drug/alcohol screen if the work-related accident results in property damage valued at \$500 or more and/or an injury requires treatment by a medical professional. When there is reasonable suspicion of drug and/or alcohol use or impairment, a post-accident drug/alcohol screen is also required for any employee.

The College will arrange transportation for the employee to the screening location and then home, if necessary to ensure the employee's safety.

3. Reasonable Suspicion: A supervisor, with agreement of the next level supervisor, senior administrator, College police or security officer, and/or Human Resources Department, may require an employee to participate in drug and/or alcohol screening under the following circumstances:
 - There is evidence of drugs and/or alcohol on or about the employee's person or in the employee's vicinity.
 - There is unusual conduct on the employee's part that suggests impairment or influence of drugs and/or alcohol.

The College will arrange transportation for the employee to the screening location and then home, if necessary to ensure the employee's safety.

Participation in College - Sanctioned and other Work-related Activities where Alcohol Is Served

When an employee and/or guest attend a College-sanctioned or work-related activity where alcohol is served, each individual is expected to use good judgment with regard to the amount of alcohol consumed and the legal requirements for safely driving away from the activity. Under no circumstances may an individual under the age of 21 hold or drink an alcoholic beverage on the College's premises or work-related activity at another location.

When the activity is hosted by A-B Tech, the College will arrange for alternate transportation to assist an impaired employee and/or guest in getting home safely when the need is brought to the attention of the A-B Tech employee in charge of the activity. In all situations, each employee and/or guest is responsible for their own behavior and any resulting consequences.

When an employee is chaperoning students during an off-site activity, she or he has an obligation to inform the students that the College's Drug and Alcohol policy is still in effect. Knowingly permitting a student to consume

alcohol, except as specifically allowed by the Drug and Alcohol Policy, may result in disciplinary action or dismissal, depending on the College's interpretation of the circumstances and/or legal requirements.

Consequences for Violating Policy/Procedures

Violations of this policy or procedures and/or a confirmed positive drug/alcohol screen may result, at AB Tech's sole discretion, in disciplinary action and/or dismissal of any employee, depending on the College's interpretation of the circumstances and subject to Policy 509.02, Employee Due Process. Violations may also result in legal consequences as A-B Tech will notify the appropriate authorities whenever warranted.

At its sole discretion, in lieu of or in addition to taking disciplinary action against an employee, the College may require the employee to satisfactorily complete a drug or alcohol abuse assistance or rehabilitation program. If an employee refuses to seek treatment when required, does not respond to treatment, and/or there are indications that the drug or alcohol dependency persists, the situation will be handled by the College like any other event which adversely affects job performance.

An employee who refuses to submit to a drug or alcohol screen that is consistent with the above criteria, adulterates or dilutes the specimen/sample, substitutes the specimen/sample with that from another person, sends an imposter, refuses to sign the required consent forms, and/or refuses to cooperate in the screening process in such a way that it prevents completion of the examination, will be dismissed subject to Policy 509.02, Employee Due Process, when applicable.

Students

A-B Tech is committed to providing each of its students a drug-free environment in which to attend classes and study. From a safety perspective, the users of drugs or alcohol may impair the well-being of students, interfere with the College's educational environment, and result in damage to College property. Therefore, it is the College's policy that the unlawful manufacture, distribution, dispensation, possession, or use of narcotics, drugs, other controlled substances or alcohol is prohibited on College premises or as part of any College-sponsored activity. The specifics of this policy are as follows:

1. No student shall distribute, dispense, possess, use or be under the influence of any alcoholic beverage, malt beverage or fortified wine or other intoxicating liquor or unlawfully manufacture, distribute, dispense, possess, use or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, anabolic steroid or any other "controlled substance" before, during, or after school hours on College premises, at any other College locations, or at College sponsored events activities or events. Students in Continuing Education or Brewing programs over the age of 21, in which alcohol is part of the curriculum, may consume beverages as applicable to the course.
2. A student's legal use of prescribed or over-the-counter drugs is not a violation of policy only if such use does not endanger the student or others and it does not interfere with student learning or participation

in student-related activities. Students shall be held strictly accountable for their behavior while under the influence of prescribed drugs or over-the-counter drugs.

3. Any student who possesses, uses, sells, gives, or in any way transfers a controlled substance or manufactures a controlled substance while on College premises or as part of any College sponsored activity will be subject to disciplinary action up to and including expulsion and referral for prosecution, and possible legal sanctions.
4. A-B Tech hosts a Drug and Alcohol Abuse Awareness program for students each semester. These programs are open to all students, but may be required for students in violation of this policy as a first level disciplinary sanction. Additional educational materials, programs, and other resources are available through both our Student Life and Counseling Services departments.
5. Instructors have the discretion to determine whether a student may be under the influence of drugs or alcohol. If the instructor suspects a student is under the influence of drugs or alcohol, he or she has the authority to contact campus police to remove the student from the classroom.

Instructors must notify the Vice President for Student Services or his/her designee of this alleged violation of Code of Student Conduct as soon as possible.

A-B Tech complies with applicable Department of Education requirements by taking the following steps, as they apply to students:

1. Prepares the College's Drug and Alcohol Prevention Program (DAAPP) for annual distribution to all currently enrolled students.
2. Publishes the Drug and Alcohol Policy and Procedures on the website and establishes an annual email notification to students with a link to the online documents.
3. Incorporates information about drug and alcohol Policy and Procedures in New Student Orientation.
4. Reserves the right to search the student, vehicle, and/or personal property of student when on College property or other location where instruction occurs, consistent with applicable law.

Consequences for Violating Policy/Procedures

A student who violates the terms of this policy will be subject to disciplinary action in accordance with the Code of Student Conduct policy and procedures. At his or her discretion, the Vice President for Student Services or his or her designee may require any student who violates the terms of this policy to satisfactorily participate in a drug abuse awareness program or seminar conducted by member of the AB Tech Counseling staff. For more severe infractions the student may be required to complete an off campus drug abuse rehabilitation program or an

alcoholic rehabilitation program sponsored by an approved private or governmental institution as a precondition of continued enrollment at the College.

College-Wide

A-B Tech complies with the Drug Free Schools and Campuses Act (DFSCA) and applicable Department of Education requirements by instituting the following practices:

1. The College will conduct an annual review of the effectiveness of the DAAPP. This activity will be the responsibility of the Vice President for Student Services or their designees. The review will be completed by June 30 of each year so that this information may be used to revise the DAAPP for optimum effectiveness.
2. Annual review information will be compiled to produce a biennial review as required by the Department of Education and the DFSCA.

Requirements for A-B Tech and Third Party Events when Alcohol is Sold or Served

At A-B Tech events, and events held on A-B Tech property by 3rd parties, the following guidelines shall apply when alcohol is served:

1. Alcoholic beverages may be served no more than one (1) hour before food for the main event is served.
2. Once food has been served for the main event, only beer and wine may be served during the main event.
3. Events at which alcoholic beverages are served may last no longer than three (3) hours.
4. For events that do not precede a meal function, serving heavy hors d'oeuvres, with at least two (2) hot hors d'oeuvres, is required.

Drug and Alcohol Procedures (Continued)

5. Service of alcohol must be discontinued fifteen (15) minutes prior to the anticipated end of the event.
6. For all events where alcoholic beverages are served, only a licensed bartender may serve the alcoholic beverages and renting agencies must provide evidence of adequate commercial general liability insurance (covered under Facilities Use Agreement).
7. When serving alcohol, a "Request to Serve Alcohol" application, provided by A-B Tech, must be completed and returned ten (10) full business days prior to the event.
8. Local, State & Federal Legal Sanctions

It is unlawful to sell, furnish, or provide alcohol to a person under the age of 21. The possession, sale, manufacture or distribution of alcohol or any other controlled substance is illegal under both state and federal drug laws. These laws are strictly enforced by A-B Tech Police or any law enforcement agency with jurisdiction on A-B Tech's campuses or non-campus properties. A-B Tech's Code of Student Conduct also states students may not possess, use, or be under the influence of alcoholic beverages nor any narcotic or illegal drugs on campus or at College-affiliated activities or events.

Local, state, and federal laws provide a variety of legal sanctions and penalties for the unlawful possession, use or distribution of illicit drugs and alcohol. These sanctions include, but are not limited to, incarceration and monetary fines.

The illegal or abusive use of drugs and alcohol by students or employees may result in criminal prosecution by governmental agencies in addition to disciplinary action by the College. Status as a student or employee of the College in no way insulates a law breaker from criminal prosecution and punishment. The constitutional concept of "double jeopardy" does not prevent state and/or federal prosecution and College disciplinary action for conduct that violates state or federal law and College policy.

A. Alcohol

North Carolina General Statutes, section 18B-102, states the general rule relating to the possession, distribution and use of alcoholic beverages in North Carolina: "Unless a different punishment is otherwise expressly stated, any person who violates any provision of this Chapter shall be guilty of a misdemeanor and upon conviction shall be punished by a fine, by imprisonment for not more than two years, or both....." Local laws and ordinances and College regulations are preempted by state laws regarding regulation of alcoholic beverages.

B. Illicit Drugs

The Federal Controlled Substances Act (21 U.S.C.A. 841, et seq.) provides "first-offense" penalties of up to 15 years imprisonment and fines of up to \$25,000 for unlawful distribution or possession with intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to five years of imprisonment and fines of up to \$15,000. Any person who unlawfully distributes a controlled substance after a prior conviction or to a person under 21 years of age or within 1,000 feet of the university campus may be punished by up to twice the term of imprisonment and fine otherwise authorized by law. North Carolina law provides that any person who violates the criminal statutes by selling, distributing or manufacturing opiates and narcotics such as cocaine and heroin, shall be guilty of a Schedule I or II drug offense.

For a Schedule I or II substance, the crime is a Class H felony punishable by maximum imprisonment of 10 years and/or a fine. Any person who sells, distributes, or manufactures substances such as barbiturates, depressants, stimulants, or marijuana shall be guilty of a Schedule III, IV, V or VI drug offense. This crime constitutes a Class I felony punishable by maximum imprisonment of five years and/or a fine. Possession of a Schedule I substance constitutes a Class I felony. Possession of a substance classified in Schedules II, III or IV constitutes a misdemeanor punishable by maximum imprisonment of two years and/or a \$2,000 fine (or a Class I felony if quantity is sufficiently large). Possession of a substance classified in Schedule V constitutes a misdemeanor punishable by maximum imprisonment of six months and/or a \$500 fine. Possession of a Schedule VI substance is a misdemeanor punishable by maximum imprisonment of 30 days and/or a \$100 fine.

Anyone found to be in violation of local, state or federal law, will be criminally charged and will be subject to criminal prosecution, fine and/or imprisonment.

A violation of any law regarding alcohol or drugs is also a violation of the College's Drug and Alcohol Policy as well as the Code of Student Conduct and will be treated as a separate disciplinary matter by the College.

Code of Student Conduct

The Board of Trustees establishes and maintains a learning environment that supports the students, the values, vision and mission of the institution. There are behavioral expectations that outline the responsibilities and proper practices for all students at the College. Student Due Process

The Board of Trustees endorses that a student has a liberty and/or property interest in their education, which is the expectation to continue enrollment at the College in the absence of academic failure and/or misconduct. Prior to action by the College to deprive a student of this interest through suspension or expulsion, the student will be given due process. The extent of process due is determined by state law. In addition, students who have been charged with a violation of the *Code of Student Conduct* shall be provided with an equitable system of due process, which can include the right to a fair hearing.

Definitions:

The term “**rape**” as stipulated by the Federal Bureau of Investigation’s (FBI) updated definition in the UCR Summary Reporting System means the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

This definition includes any gender of victim or perpetrator. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

Sexual assault is defined as any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent and any offense that meets the definition of Rape, Fondling, Incest or Statutory Rape as used in the FBI’s UCR program. North Carolina General Statutes 14-27.21 through 14-27.33 and 14-178 set forth the elements of the specific sex offenses which fall into the categories of Rape, Fondling, Incest and Statutory Rape.

The term “**consent to sexual activity**” is defined as the affirmative, unambiguous, and voluntary agreement to engage in a specific sexual activity during a sexual encounter. No person can give legal consent to any sexual act if that person is under the age of 16 years or if that person is mentally disabled, mentally incapacitated or physically helpless as defined by North Carolina G.S. 14-27.20:

- "Mentally disabled" means (i) a victim who suffers from mental retardation, or (ii) a victim who suffers from a mental disorder, either of which temporarily or permanently renders the victim substantially incapable of appraising the nature of his or her conduct, or of resisting the act of vaginal intercourse or a sexual act, or of communicating unwillingness to submit to the act of vaginal intercourse or a sexual act.
- "Mentally incapacitated" means a victim who due to any act committed upon the victim is rendered substantially incapable of either appraising the nature of his or her conduct, or resisting the act of vaginal intercourse or a sexual act.

- “Physically helpless” means (i) a victim who is unconscious; or (ii) a victim who is physically unable to resist an act of vaginal intercourse or a sexual act or communicate unwillingness to submit to an act of vaginal intercourse or a sexual act.

The term “**domestic violence**” as stipulated by North Carolina General Statute 50B-1 pertains to specific crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim, by a person who is related as parent or child, including a person acting in loco parentis to a minor child, or by a person who is related as grandparent or grandchild.

The term “**dating violence**” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors:

- The length of the relationship
- The type of relationship
- The frequency of interaction between the persons involved in the relationship.

(Dating violence is not separately addressed by North Carolina criminal statutes.)

The term “**stalking**” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress by placing that person in fear of death, bodily injury, or continued harassment. Pursuant to North Carolina General Statute 14-277.3A, that course of conduct consists of two or more acts including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, is in the presence of, or follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Prevention and Awareness:

A-B Tech provides counseling and literature on sexual assault, date rape education, and risk reduction through the Division of Student Services. Support Services publishes a brochure outlining the counseling services provided to students and makes it available to all students and employees. These services are free and confidential. Students can access services by contacting the Support Services office in the Bailey building at supportservices@abtech.edu or by calling 828-398-7581. Community resources are also available and students and employees can contact Our Voice (regarding sexual violence) on the Crisis Line at 828-255-7576 or HelpMate (regarding domestic violence) on the Crisis Line at 828-254-0516. Additionally, the college partners with Pisgah Legal Services to provide students with information and assistance with legal matters involving protective orders, custody, immigration, housing and health care access. The Student Life and Development office annually sponsors prevention and awareness programs that promote awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. Awareness and prevention programming includes statements that A-B Tech prohibits all forms of sexual misconduct including sexual assault, domestic violence, dating violence and stalking, definitions of these offenses in NC, definitions of what is consent, and safe and positive options for

bystander intervention. The Student Life and Development office annually contracts with service providers to host additional student and employee prevention and awareness training and programming. Topics include nonviolent sexuality presentations, Title IX awareness training, domestic violence exhibit “Silent Witnesses” displayed around the college, and routine tabling by college and community support agencies including A-B Tech Police and Security Department, Counseling Services, Our Voice, Helpmate, Pisgah Legal Services, Employee Assistance Network, as well as agencies that provide support services related to drug and alcohol abuse, and the development of healthy relationships.

The College provides students with information on how to determine if they are in an unhealthy relationship. There are many signs of an abusive relationship but the most telling sign is fear of your partner. If you feel like you have to walk on eggshells around your partner—constantly watching what you say and do in order to avoid a blow-up—chances are your relationship is unhealthy and abusive. Other signs that you may be in an abusive relationship include a partner who belittles you or tries to control you, and feelings of self-loathing, helplessness, and desperation. To determine whether your relationship is abusive, answer the questions below. The more “yes” answers, the more likely it is that you’re in an abusive relationship. If you would like assistance, dealing with an unhealthy please contact Helpmate by calling the 24 hour Domestic Violence Hotline at 828-254-0516 or visit their webpage at www.Helpmateonline.org. For on campus support, please contact the Title IX office at 828-398-7932.

Responding:

If you are the victim of a sexual assault, domestic violence, dating violence or stalking your first priority should be to get to a place of safety. You should then obtain appropriate medical treatment, if needed. A-B Tech strongly recommends that victims report the incident to law enforcement in a timely manner. Emergency assistance may be requested by calling **9-1-1** or on campus **828-398-7125**. An on-duty A-B Tech police officer may be contacted directly at 828-279-3166. Time is a critical factor for evidence collection and preservation. Although, the victim is encouraged to report directly to law enforcement, they may choose to report the incident to the A-B Tech Title IX Coordinator, College Counselor, or Campus Security Authority (see page 5)

who can assist the victim in a variety of ways including making a report to law enforcement, accessing free confidential counseling services, activating interim safety measures, and pursuing the matter through the College's disciplinary process where appropriate. A-B Tech Counselors assist the victim in understanding the various options available, including confidential reporting, and will support the victim in any decision to be made. On campus counselors will submit anonymous statistical information for Clery Act purposes unless they believe it would be harmful to the individual making the allegation. In some instances, A-B Tech counselors will contact the Mobile Crisis Unit to ensure appropriate services are provided in a timely manner. Appropriate community referrals will be made for additional services as needed.

The College will respect and make every reasonable effort to preserve the confidentiality of the information and identities shared by the parties involved in sexual misconduct matters. College administrators will, however, share information regarding alleged sexual misconduct, as appropriate and necessary, in order to address and resolve the allegation, prevent the recurrence of similar sexual misconduct, and address the effects of the sexual misconduct.

College administrators are obligated to handle information regarding alleged sexual misconduct in accordance with applicable local, state, and federal laws. For example, alleged incident(s) of sexual misconduct and information regarding the alleged sexual misconduct may be used as an anonymous report for statistical purposes under the Clery Act.

In cases indicating pattern, predation, threat, weapons and/or violence, the College will likely be unable to honor a request for confidentiality. In cases where the victim requests confidentiality and the circumstances allow the College to honor that request, the College will offer interim supports and remedies to the victim and the community, but will not otherwise pursue formal action. A victim has the right, and can expect, to have reports taken seriously by the College when formally reported, and to have those incidents investigated and resolved through this procedure. The Title IX Coordinator will evaluate the following when determining if a report can remain confidential:

- the seriousness of the alleged sexual misconduct;
- the alleged victim's age;
- whether there have been other complaints of sexual misconduct against the accused;
- the applicability of any laws mandating disclosure.

All incidents involving sexual assault, sexual misconduct, sexual harassment, dating violence, domestic violence, and stalking reported elsewhere on campus, with the exception of those details shared during a confidential counseling session, will be forwarded to the Title IX Coordinator, Michele Hathcock, 340 Victoria Rd. Asheville, NC 28801, 828-398-7932.

The A-B Tech Title IX Coordinator will provide victims with a written packet of materials outlining the services provided pertaining to incidents of sexual misconduct. The Title IX Coordinator will contact both parties (accuser and accused if both are members of the A-B Tech College community) to schedule an initial meeting. During the initial meeting, the Title IX Coordinator will, as applicable:

- Conduct an initial investigation to retrieve all relevant facts related to the alleged sexual misconduct. During this initial meeting, the Title IX Coordinator will explain the College’s Student Rights of Due Process Policy, standards of confidentiality, and how an investigation would be handled.
- Connect student with resources regarding Protective Orders.
- Work with Campus Police to enforce Protective Orders on campus.
- Work as a liaison between victim and instructors to allow the details of the situation to remain private.
- Arrange for escorts on campus and provide the on-call A-B Tech police officer cell number.
- Assist students with accessing the College’s counseling services. These are confidential sessions with a professional counselor who understands the impact of sexual misconduct and the demands of a student’s academic program.
- Work with faculty to excuse class absences (documentation may be required) and seek extra time to make up assignments and/or exams.
- Work with the Registrar to adjust class schedules and delivery method as needed (i.e. change from seated class to online class, drop/withdraw from a class, move to a different section of a course, obtain extra time to make up course work, or seek an incomplete grade so students can take a temporary break from classes).
- Assist students with transportation needs (bus passes).
- Assist students with issues related to Financial Aid.
- Assist students who wish to take their case through the A-B Tech Code of Student Conduct for disciplinary action (in cases involving two students).
- Assist students in connecting with community resources (Pisgah Legal Services, Help Mate, Our Voice, etc.).

This information will be provided to victims, regardless of whether the victim reports the crime to law enforcement or not.

The A-B Tech Code of Student Conduct outlines the procedures for campus disciplinary action in cases of alleged sexual assaults, domestic violence, dating violence and stalking involving members of the A-B Tech college community. The procedures will provide for a prompt, fair and impartial investigation and resolution. The procedures will be conducted by officials who receive annual training on issues related to domestic violence, dating violence, sexual assault and stalking as well as how to conduct an investigation process that protects victim safety and promotes accountability.

The College uses the preponderance of the evidence (also known as “more likely than not”) as the standard for proof of whether a violation occurred. In A-B Tech’s Student Rights of Due Process and the Grievance and Reporting Procedure for employees, legal terms like “guilt, “innocence” and “burdens of proof” are not applicable. Student and employee rights of due process hearings are conducted to take into account the totality of all evidence available, from all relevant sources. The College will find the accused either “responsible” or “not responsible” for violating this procedure.

The Title IX Coordinator will put forward a recommendation of finding and sanctions to both parties (accuser and accused). If the recommendation is accepted by both parties involved, the recommendation and sanctions will become affective and both parties forgo the option of a formal Student Due Process Hearing. The

Title IX Coordinator will submit to each party a final outcome letter that will include, but not limited to, the following:

- Determination if the accused is responsible, not responsible, or if the decision is deemed inconclusive.
- Sanctioning if appropriate.
- If monitoring of academic schedules is needed between the parties to ensure that the individuals involved are not in classes together, the Title IX Coordinator will assist in this process.
- Short-term College counseling services will be offered to each party.

If the recommendations of the Title IX Coordinator are not accepted by either party, the case will move to a formal Student Due Process Hearing. The Vice President for Student Services or designee will preside over the Student Due Process Hearing. The process for the hearing is outlined below:

- Prior to the hearing, both parties have the right to review all evidence, including written statements made against the accused and/or accuser. Strict rules of evidence do not apply in the hearing.
- Written hearing notice including the date, time, and location of the hearing will be sent to both parties.
- At the hearing, all parties involved in the incident will attend and be given the opportunity to provide evidence. All pertinent parties have a right to speak and be questioned by the Vice President of Student Services or designee during the hearing. Cross-examination between parties is not permitted during the hearing. Each phase of the hearing will be heard by both parties in separate rooms by using a speaker phone. Every effort will be made to keep each party separated.
- Both parties are allowed to be accompanied by an advocate. The advocate may not present on behalf of the student(s) unless otherwise instructed to do so by the Vice President for Student Services or designee. If either party chooses to have an advocate who is an attorney, notification must be provided to the Office of the Vice President for Student Services at least three College business days prior to the hearing date. In this case, the College Attorney will be present also.
- The student(s) have a right to a recording of the hearing.
- The student(s) have a right to a written notice of the hearing outcome.

The following sanctions may be imposed upon any member of the College community found to have violated the Code of Student Conduct as related to sexual misconduct. The following are sanctions that may be imposed upon students based on the severity of the incident:

- Verbal or Written Warning
- Probation
- Administrative withdrawal from a course
- Required Counseling
- No Contact Directive
- Expulsion
- Suspension
- Other consequences deemed appropriate to adapt to the specific violation

Both parties (accused and accuser) have a right to a final appeal the hearing outcome. The appeal will be hear by the College President as outlined below:

- Each student has the right to appeal the outcome of the Student Rights of Due Process Hearing to the College President if they do not agree in the decision.
- Upon receipt of the hearing decision, both parties have a specified number of days to submit a notice requesting an appeal. This notice must be submitted in writing to the Office of the Vice President for Student Services.
- The President’s document review does not include a new hearing but shall consist of evidence presented at the Student Rights of Due Process Hearing along with a recording of the proceeding.
- The President will affirm, modify, or reject the decision of the Vice President for Student Services or designee. The President’s decision will be final and notification of the decision will be sent directly from the President’s office to each student.

Reporting to Law Enforcement

Whether to pursue an investigation through the criminal justice system or to utilize the established confidential reporting procedures is the personal decision of the victim of a crime. It is extremely important that any sex offense, domestic violence, dating violence or stalking be reported for campus safety purposes and also to meet Federal reporting requirements. The A-B Tech Police and Security Department strongly encourages any victim of sexual assault, domestic violence, dating violence and stalking to pursue his or her legal recourse through criminal prosecution of the offender. Reporting procedure:

- **Sexual Assault Reporting**

When a sexual assault victim contacts the A-B Tech Police and Security Department, the responding officer’s first priority is to tend to the medical needs of the victim. In the case of a forcible sexual assault, the officer will summons emergency medical responders. The victim will be transported to the Mission Hospitals trauma center for medical treatment and evidence collection by a certified Sexual Assault Nurse. Evidence collected at this stage is critical for a successful prosecution. Therefore, the assault should be reported immediately. Ideally, a victim of a sexual assault should not wash, douche, use the toilet or change clothes prior to the medical examination and treatment. The police officer will gather information in a timely manner and file a police report. The police officer will also contact the Asheville Police Department for assistance in the attempt to locate the offender, for forensic processing of the crime scene and for assistance in any follow-up investigation.

Victims of sexual assault have the option to pursue criminal prosecution through the criminal justice system, as well as, disciplinary action through the College administration by utilizing the established procedure. Throughout the process, the A-B Tech Police and Security Department will work with the College Title IX Coordinator to connect the student with additional services and resources.

Violations of any law regarding a sexual assault is also a violation of the College's Code of Student Conduct and will be treated as a separate disciplinary matter by the College.

- **Domestic Violence, Dating Violence or Stalking Reporting**

Victims of domestic violence, dating violence, or stalking have the option to pursue criminal prosecution through the criminal justice system as well as disciplinary action through the College administration by utilizing the established procedure. Each student or employee who reports an incident of domestic violence, dating violence, or stalking to the College will be given a notice in writing of his or her rights and options. Throughout the process, the A-B Tech Police and Security Department will work with the College Title IX Coordinator to connect the student with additional services and resources.

Upon completion of a report regarding an incident of domestic violence, dating violence or stalking made to the A-B Tech Police and Security Department, a criminal investigation will be initiated. In cases where probable cause exists that a domestic assault occurred and the offender is present, the offender may be immediately arrested. In cases where the offender is no longer present, the investigating police officer will obtain or assist the victim in obtaining an appropriate arrest warrant. In cases of dating violence that do not fall under the domestic violence protections of North Carolina G.S. 50B, the investigating police officer will assist the victim in obtaining an appropriate arrest warrant at the victim's discretion. In cases of stalking, the investigation officer will attempt to establish the identity the offender, if not known to the victim, and admonish the offender to cease all stalking behaviors. If the behavior continues, the police officer will obtain an arrest warrant under the provisions of North Carolina G.S. 14277.

A violation of any law regarding domestic violence, dating violence, or stalking is also a violation of the College's Code of Student Conduct and will be treated as a separate disciplinary matter by the College.

Students and employees who are the victims of domestic violence, dating violence or stalking that occur at locations other than the campuses or properties of A-B Tech should report those incidents to the appropriate law enforcement agency. Any such incident in which the offender is also an A-B Tech student or employee should be reported the Title IX Coordinator and A-B Tech Police and Security Department so that appropriate protective measures may be taken.

Protective Orders

In any case, an individual who is in a personal relationship with another person as defined by North Carolina General Statute 50B-1(b) and is the victim of sexual assault or domestic violence, within that relationship, may appear before the Clerk of Superior Court in the victim's county of residence and apply for a Domestic Violence Protective Order under the provisions of North Carolina General Statute 50B. When applying for such a process, the plaintiff (victim) should ensure that A-B Tech is included in the specified list of locations from which the respondent (offender) is prohibited. The plaintiff should also ensure that the A-B Tech Police and Security

Department is provided with a copy of any Ex Parte order or Domestic Violence Protective Order. A violation of any Domestic Violence Protective Order is, of itself, a criminal violation subject to immediate arrest.

North Carolina General Statute 50D, provides for the protection of victims from persons convicted of a sex offense on or after October 1, 2015. A person who is a victim of a sex offense that occurs in this State, or a competent adult, on behalf of a minor child or incompetent adult who is a victim of a sex offense that occurs in this State, may file a verified complaint for a permanent no-contact order in district court. The complaint may be filed in any county permitted under General Statute 1-82 or in the county where the person who committed the sex offense was convicted of that offense. If the victim states that disclosure of the victim's address would place the victim or any member of the victim's family or household at risk for further unlawful conduct, the victim's address may be omitted from all documents filed with the court. If the victim's address is withheld, the victim must designate an alternate address to receive notice of any motions or pleadings from the opposing party. A copy of any no-contact order granted by the court should be provided by the victim to the A-B Tech Police and Security Department. A person who knowingly violates an order pursuant to Chapter 50D is guilty of a Class A1 misdemeanor and is subject to immediate arrest.

In some situations, upon advice of legal counsel, a student or employee may petition the Court for a civil restraining order or no contact order. If such a process is issued, the College should be notified. A violation of any civil process is not a criminal offense subject to arrest. The College, however, has the option to ban from all A-B Tech campuses and properties an offender who otherwise has no official College business. The Court may find a respondent who violates a civil restraining order in contempt and issue an order for arrest.

Options for Bystanders

Bystander intervention includes safe and positive options that may be carried out by an individual or individuals to prevent harm or to intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes: (i) recognizing situations of potential harm; and (ii) understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options and taking actions to intervene.

Any person who witnesses an active sexual assault or incident of domestic violence, dating violence or stalking is requested to immediately call **9-1-1** or the A-B Tech Police and Security Department **828-3987125** as deemed appropriate. Bystanders are strongly discouraged from intervening in an altercation to the extent that the bystander's safety is at risk. In addition to calling police, a person who witnesses an active assault may distract the person committing the assault and draw attention to the scene by shouting for help. If a person who commits an assault flees, a bystander should assist the victim of the assault and obtain the offender's description and direction of travel for responding officers. If a bystander encounters someone who is being followed by a stalker, the bystander may accompany that person to a safe, populated location and remain with the person until police arrive.

Sex Offender Registration

Pursuant to North Carolina General Statute 14-208, individuals who have reportable convictions for any sex offense are required to maintain a registration with the sheriff of the county in which they reside. Any nonresident with such a conviction who works or attends school in North Carolina is required to maintain a registration with the sheriff in the county in which that individual works or is a student. Additionally, the North Carolina Division of Criminal Statistics is responsible for compiling and keeping current a central statewide sex offender registry. Specific information as set forth in General Statute 14208.10 is public record and is made available for public inspection. The Division of Criminal Statistics provides free public access to automated data from the statewide registry, including photographs provided by the registering sheriffs, via the Internet. The public is able to access the statewide registry to view an individual registration record, a part of the statewide registry, or the entire statewide registry.

The Division may also provide copies of registry information to the public upon written request and may charge a reasonable fee for duplicating costs and mailings costs. The North Carolina Sex

Offender Registry website may be accessed at the following link: <http://sexoffender.ncdoj.gov/>

Annual Fire Safety Report and Missing Student Policy

A-B Tech does not have any on-campus residence facilities. Therefore, the college is not required by the Campus Safety and Security Reporting Act to maintain a fire report or to have a missing student policy.

Daily Crime Log

The A-B Tech Police and Security Department maintains a daily crime log to record criminal incidents and alleged criminal incidents that are reported. The log contains reported crimes from the last 60 days. Crime logs for the Asheville Campus, Madison Campus and non-campus properties can be viewed at the A-B Tech Police and Security Department located in the A-B Tech/Mission Health Conference Center on the Asheville Campus. The crime log for the Enka Campus can be viewed at the Enka Police and Security office located in the Small Business Center on the Enka Campus.

Sources of Crime Statistics

Campus crime, arrests and referral statistics include those reported to A-B Tech Police and Security Department and to Campus Security Authorities through voluntary confidential reporting procedures. A-B Tech also requests statistics for crimes reported directly to other law enforcement agencies. In addition to the tables below, A-B Tech's crime statistics can be viewed at the Department of Education's web site at <http://ope.ed.gov/security/>

NOTE: Hate crimes are reported separately and pertain to crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, gender identity, ethnicity, national origin or disability. Hate crimes include criminal homicide, sex offense, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property or any other crime involving personal injury.

Unfounded Reports

A-B Tech may withhold, or subsequently remove, a reported crime from its crime statistics when sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded". Only sworn or commissioned law enforcement personnel may "unfound" a crime. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution and the failure to make an arrest does not "unfound" a crime report.
