Associate in Science: Pre-Physical Therapy Pathway

All Pathways are design to transfer to a four-year institution for eventual completion of a BA/BS or BFA degree.

Physical Therapists manage a wide variety of conditions. Physical Therapists examine patients and develop a plan of care that promotes movement, reduces pain, restores function, and prevents disability. The Physical Therapist works with the patient, family members, and other health care providers to ensure the goals of the plan of care are met and the patient outcomes are optimal.

In addition to earning a bachelor's degree, four more years earning a Doctorate in Physical Therapy (DPT) is required.

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
