

Trailblazer Plan B

Real Time – Meets live via Zoom at the scheduled time/day of class. Has the following components

- Recorded lectures for future viewing
- Real-time scheduled office hours (*Adjuncts teaching real time should be available for Zoom office hours by appointment*)
- Real-time collaborative activities

Real Time with Some Intensive Hands On – Lectures will be live Via Zoom at the scheduled time/day of class. Has the following components

- Some face-to-face meetings on-campus to complete assignments
- Recorded lectures for future viewing
- Real-time scheduled office hours (*Adjuncts teaching real time should be available for Zoom office hours by appointment*).
- Real-time collaborative activities

Intensive Hands-On with Online Lectures – Students will meet in labs/shops for assignments. Lectures will be online to watch at the students' convenience. Students may meet on alternating days/times.

My Time Online – Classes that were originally planned as face-to-face or online that will now meet 100% online using NISOD online principles

Clinical/WBL – To be determined by clinical site or workplace site

Note: In the interest of safety and continuity of education, the decision to implement Trailblazer Plan B for Fall 2020 was made on July 7, 2020. This decision was made for the following reasons:

- Adequate cleaning supplies and PPE may not be available by August 24, 2020, the first day of class
- Students are not enrolling due to safety concerns
- Both full-time and adjunct faculty express concerns about being in the classroom
- Adequate social distancing in classrooms cannot be guaranteed unless we reduce the number of students on campus
- Faculty and staff must have enough time to prepare for the Fall semester
