

Instructions for 529 Students

Please find the Sponsored Student Checklist located on our Third Party Sponsorship page here:

<https://abtech.edu/future-students/tuition-fees/sponsorships-third-party>

Follow the checklist but with the following exceptions:

Authorization Forms

Because of the special nature of 529 plans, no sponsorship agreement form is required for 529 students. However, *specific plan authorization forms must be submitted by the sponsorship deadline*. Each plan has a unique form so please contact your plan administrator to request that the form be submitted to A-B Tech.

Sponsor Restrictions

Each plan has specific restrictions to what they will cover. The forms they submit to A-B Tech details these restrictions. Please contact your plan administrator to determine what you can and cannot use the plan funds for or to request a copy of the authorization form.

Bookstore Purchases

If your plan covers bookstore purchases, you do not need to submit your book costs to your plan, but you do need to be aware of any fund limitations your plan may have. Also, you must purchase books on our sponsorship bookstore days. Find details about the bookstore days here: <https://abtech.edu/document/bookstore-e-voucher-instructions>

You will receive an E-Voucher to present to the cashier 2 days prior to the bookstore days at the very latest.

Registration Changes

Registration changes should not affect your coverage and you do not need to resubmit your authorization form. However, be aware of your funding limits to ensure that you have the funds in your plan to cover increases in enrollment costs. Contact your plan administrator for funding levels.
