

CRRSAA and ARP Reporting: Emergency Financial Aid Grants to Students

July 12, 2021

Introduction

Institutions who received HEERF I grant funds under the CARES Act were not required to submit an application for the HEERF II or HEERF III grants. HEERF II and HEERF III funding was authorized under the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA) and the American Rescue Plan Act, 2021, respectively. Asheville-Buncombe Technical Community College (“A-B Tech”) is required to provide regular reporting to the U.S. Department of Education (ED) on the use of funds authorized by these acts.

Acknowledgment of Funding and Certification

A-B Tech acknowledges that the specified funding amounts provided under the CRRSAA and ARP (a)(1) programs will be used to provide Emergency Financial Aid Grants to Students.

Award Information

The total amount of funds that the institution will receive or has received from the Department of Education under the CRRSAA and ARP (a)(1) programs as of the date of the submission (i.e., ever calendar quarter): \$8,323,935

Student Eligibility Determination

Spring Semester 2021

The eligibility used for the Spring Semester of 2021 was applied to both the residual CARES funds as well as the CRRSAA funds. The total number of A-B Tech students that were eligible to receive Emergency Financial Aid Grants to students under Section 18004(a)(1) of the CARES Act and under Section 314(a)(1), was determined by the A-B Tech Financial Aid Office to be 4,587. This was based on the number of students who meet the eligibility requirements, which were as follows:

- Enrolled in curriculum courses on April 17, 2021; or
- Enrolled in continuing education courses starting on or after January 1, 2021 and ending on or before May 15, 2021, as of April 17, 2021.

Distribution Methodology

Spring Semester 2021

Awards were granted in three ways:

- \$610 went to 1480 students who were Pell-eligible;
- \$305 went to 2518 students who were not Pell-eligible and enrolled in curriculum courses;
- \$300 went to 604 students who were enrolled in continuing education courses;

Funds were distributed through BankMobile, the college's third-party financial aid processor, since most of the eligible students had previously selected a payment method through BankMobile. BankMobile would direct the funds to the personal bank account that the student had previously designated or issued a check, according to the student's preference. The funds were disbursed to BankMobile beginning May 4, 2021. As there was \$7,624 of CARES funds remaining, individual students were not specifically identified as recipients of CARES funding versus CRRSAA funding in the Spring Semester of 2021.

Funds Distributed to Date

The total amount of CRRSAA and ARP funds that were disbursed to BankMobile for distribution to students beginning May 4, 2021 was \$1,847,490. As of June 30, 2021, \$1,470,235 had been directly deposited into the bank accounts of eligible students. Therefore, 79.5% of the funds have been successfully deposited. Another \$350,840 was in transit via checks.

Total Student Awards Made

Prior to the awards for the Spring Semester of 2021, \$7,624 of CARES funds remained. Individual students were not identified as receiving CARES funds versus CRRSAA/ARP funds. Thus if estimated, of the total 4,587 student awards issued related to enrollment in the Spring of 2021 semester, 4,574 would be attributable to the CRRSAA/ARP funding.
