

**Drug and Alcohol Abuse
Prevention Program
(DAAPP)**

For Students and Employees

Biennial Review Period: August 2020 to July 2022

Annual Review Published: September 30, 2021

Asheville-Buncombe Technical Community College

The Drug Free Schools and Campuses Regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act (DFSCA) requires an Institution of Higher Education (IHE) such as Asheville-Buncombe Technical Community College (A-B Tech), to certify that it has implemented programs to prevent the abuse of alcohol, use and/or distribution of illicit drugs both by A-B Tech students and employees either on its premises and as a part of any of its activities. At a minimum, an IHE must annually distribute the following in writing to all students and employees:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees; (see [Appendix A](#) for the Drug and Alcohol Policy and Procedures, [Appendix B](#) for the Code of Student Conduct Policy and Procedures, and [Appendix D](#) for the Threat Assessment Policy and Procedures)
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol (see [Legal Sanctions](#) on page 6);
- A description of the health risks associated with the use of illicit drugs and alcohol abuse (see [Health Risks](#) on page 7);
- A description of any drug or alcohol counseling, treatment, or rehabilitation or reentry programs that are available to employees or students (see [Drug and Alcohol Programs](#) on Page 12); and
- A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct or law (see [Disciplinary Sanctions](#) on Page 15).

I. Standards of Conduct Overview

A-B Tech is committed to providing a drug-free learning and working environment. From a safety perspective, the use of drugs or alcohol may impair the well-being of students, employees, and visitors, interfere with the College's educational environment, and result in damage to College property. Therefore, it is the College's policy that the unlawful manufacture, distribution, dispensation, possession, or use of alcohol, illegal or unauthorized controlled substances or impairing substances are prohibited at any College location by college students and employees.

A-B Tech complies with the Drug Free Workplace Act and the Drug Free Schools and Campuses Act (DFSCA) and applicable Department of Education requirements by instituting the following practices:

1. The College will conduct an annual review of the effectiveness of the Drug and Alcohol Abuse Prevention Program (DAAPP). This activity will be the responsibility of the Vice President for Student Services, Vice President of Human Resources and Organizational Development, or designee. The review will be completed by June 30 of each year so that this information may be used to revise the DAAPP for optimum effectiveness.
2. Annual review of information will be compiled to produce a biennial review as required by the Department of Education and the DFSCA.

Definitions

Alcohol means any beverage containing at least one-half of one percent (0.5%) alcohol by volume, including malt beverages, unfortified wine, fortified wine, spirituous liquor and mixed beverages.

College Location means in any College building or on any College premises; in any College-owned vehicle or in any other College-approved vehicle used to transport students/employees to and from College or College activities; and off College property at any College-sponsored or College-approved activity, event or function, such as a field trip or athletic event, where employees and students are under the College's jurisdiction.

Controlled Substance means any substance listed in 21 CFR Part 1308 and other federal regulations, as well as those listed in Article V, Chapter 90 of the North Carolina General Statutes. Generally, the term means any drug which has a high potential for abuse and includes, but is not limited to: heroin, marijuana, cocaine, PCP, GHB, methamphetamines, and crack. This term also includes any drugs that are illegal under federal, state or local laws and legal drugs that have been obtained illegally or without a prescription by a licensed healthcare provider or are not intended for human consumption. The term also applies to improper use of over-the-counter medication.

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug and alcoholic beverage statutes.

Impairing Substances means any substance taken that may cause impairment, including but not limited to bath salts, inhalants, or synthetic herbs.

Reasonable Suspicion is the legal standard required before the College can require a student or employee to take a drug or alcohol test. Some of the factors that constitute reasonable suspicion are: a) direct observation of drug use or possession; b) direct observation of the physical symptoms of being under the influence of drugs; c) impairment of motor functions; d) pattern of abnormal or erratic conduct or behavior; or e) reports from reliable sources or credible sources (anonymous tips may only be considered if they can be independently corroborated).

Safety-Sensitive Employee means employment positions where the duties involve such a significant risk of injury to others that even a momentary lapse of attention can have disastrous consequences or positions where a single slip-up may have irremediable consequences; the employee will have no chance to recognize and rectify the mistake, nor will other personnel have an opportunity to intervene before harm occurs.

The following positions are designated as safety-sensitive:

- a. All A-B Tech Police and Security employees except those who perform purely administrative, office duties.
- b. All Facilities and Plant Operations employees who:
 - As part of their routine, required job duties, must drive a motor vehicle on a regular basis. The requirement of driving as a job duty must be part of the employee's primary

job duties and such driving is done on a regular basis and not simply an employee who might on occasion be asked to drive; and/or

- While performing their required job duties, are subject to little to no direct supervision and work alone.

Limited Immunity

A-B Tech realizes that individuals may be hesitant to report to College officials or participate in the resolution process because they fear that they themselves may be accused of policy violations, such as underage drinking or being under the influence of drugs and alcohol at the time of the incident. To encourage individuals to receive appropriate help for various circumstances and to encourage reporting, limited immunity will be provided in the following incidents:

1. Sexual misconduct: The College offers the reporting party and witnesses limited immunity from minor drug and alcohol policy violations. (Refer to the Sexual Misconduct Policy 112)
2. Substance misuse treatment: The College offers the reporting party limited immunity when seeking treatment assistance for an addiction. Likewise, a person seeking medical assistance for an individual experiencing a drug-related overdose may also be permitted limited immunity from minor drug and alcohol policy violations.

Senate Bill 20 - On April 9th, 2013 the NC General Assembly approved an act to provide limited immunity from prosecution for (1) certain drug-related offenses committed by an individual who seeks medical assistance for a person experiencing a drug-related overdose and (2) certain drug-related offenses committed by an individual experiencing a drug-related overdose and in need of medical assistance; to provide immunity from civil or criminal liability for (1) practitioners who prescribe an opioid antagonist to certain third parties and (2) certain individuals who administer an opioid antagonist to a person experiencing a drug-related overdose; and to provide limited immunity from prosecution for certain alcohol-related offenses committed by persons under the age of 21 who seek medical assistance for another person. The entire bill can be found at:

<http://www.ncga.state.nc.us/sessions/2013/bills/senate/html/s20v7.html>.

Currently Enrolled Students

1. No student shall distribute, dispense, possess, use or be under the influence of Alcohol, illegal or unauthorized Controlled Substance or Impairing Substance at a College Location at any time. Students in Continuing Education, Hospitality, Culinary, or Brewing programs over the age of 21, in which alcohol is part of the curriculum, may consume beverages as applicable to the course.
2. A student's legal use of prescribed or over-the-counter drugs is not a violation of policy only if such use does not endanger the student or others and it does not interfere with student learning or participation in student-related activities. Students shall be held strictly accountable for their behavior while under the influence of prescribed drugs or over-the-counter drugs.
3. Any student who manufactures, possesses, uses, sells, gives, or in any way transfers a Controlled Substance or Impairing Substance while at a College location will be subject to disciplinary action up to and including expulsion and referral for prosecution, and possible legal sanctions.

4. A-B Tech hosts an Addition, Recovery, and Coping (ARC) program for students each semester. These programs are open to all students, but may be required for students in violation of this policy as a first level disciplinary sanction. Additional educational materials, programs, and other resources are available through both our Student Life and Support Services departments.
5. Instructors have the discretion to determine whether a student may be under the influence of drugs or alcohol. If the instructor suspects a student is under the influence of drugs or alcohol, they should contact A-B Tech Police to remove the student from the classroom. Instructors must notify the Vice President for Student Services or designee of this alleged violation of Code of Student Conduct as soon as possible.
6. A-B Tech complies with applicable Department of Education requirements by taking the following steps, as they apply to students:
 - a. Prepares the College's Drug and Alcohol Abuse Prevention Program (DAAPP) for annual distribution to all currently enrolled students.
 - b. Publishes the Drug and Alcohol Policy and Procedures on the website and establishes an annual email notification to students with a link to the online documents.
 - c. Incorporates information about Drug and Alcohol Policy and Procedures in New Student Orientation and Student Handbook.
 - d. Reserves the right to search the student, vehicle, and/or personal property of student when on College property or other location where instruction occurs, consistent with applicable law.

Employees

A-B Tech complies with the Drug Free Workplace Act and applicable Department of Education requirements by taking the following steps, as they apply to employees:

1. Prepares the College's Drug and Alcohol Abuse Prevention Program (DAAPP) for annual distribution to all employees.
2. Publishes the Drug and Alcohol Policy and Procedures on the employee Portal page and established an annual email notification with a link to the online documents.
3. Incorporates information about the Drug and Alcohol Policy and Procedures in New Employee Orientation.
4. Offers an Employee Assistance Program (EAP), which includes drug and alcohol information, short-term counseling, and referrals.

5. Notifies employees of their obligation to inform the Human Resources Department of any conviction of a criminal drug violation in the workplace (see below).
6. Maintains a process for notifying the contracting or granting agency within ten days of receiving notice that a covered employee has been convicted of a criminal drug violation that occurred while on the College's premises or while participating in a work-related activity. Conducts a thorough and timely assessment regarding internal consequences for such conviction.
7. Reserves the right to search the person, vehicle, and/or personal property of employees when on College property and/or while on duty regardless of location, consistent with applicable law.
8. Establishes a separate file in the Human Resources Department where employee drug/alcohol information is maintained. The confidentiality of any medical issues discussed is protected as required by law, and this information will only be shared on a legitimate need-to-know basis or when required by law.

Consistent with the Drug Free Workplace Act, employees are required to:

1. Sign a Drug-Free Workplace Statement as a condition of employment.
2. Abide by all terms of the Drug and Alcohol Policy and Procedures.
3. Notify the Human Resources Department in writing, within five calendar days after conviction of a criminal drug violation that occurred while on the College's premises or while participating in a work-related activity.
4. Participate in the Employee Assistance Program and/or complete a treatment program, if required by the College as a condition of continued employment.
 - a. The legal use of prescribed or over-the-counter drugs is permitted on the job only if it does not impair the employee's ability to perform the job effectively and in a safe manner, and that does not endanger the employee or others in the workplace or interfere with student learning or services.
5. If an employee needs to take a prescribed or over-the-counter drug that may impair his/her judgment or performance in any way, the employee is required to notify the immediate supervisor before working. It is the employee's responsibility to use appropriate College procedures (i.e. request sick leave) if any use of legal drugs presents a safety risk. Any medical issues discussed will be kept in confidence according to legal requirements.

II. Legal Sanctions

Local, State & Federal Legal Sanctions

Local, state, and federal laws provide a variety of legal sanctions and penalties for the unlawful possession, use or distribution of illicit drugs and alcohol. These sanctions include, but are not limited to, incarceration and monetary fines. The illegal or abusive use of drugs and alcohol by students or employees may result in criminal prosecution by governmental agencies in addition to disciplinary action by the College. Status as a student or employee of the College in no way insulates a lawbreaker from criminal prosecution and punishment. The constitutional concept of "double jeopardy" does not prevent state and/or federal prosecution and College disciplinary action for conduct that violates state, or federal law and College policy.

A. Alcohol

North Carolina General Statutes, section 18B-102, states the general rule relating to the possession, distribution and use of alcoholic beverages in North Carolina: "Unless a different punishment is otherwise expressly stated, any person who violates any provision of this Chapter shall be guilty of a misdemeanor and upon conviction shall be punished by a fine, by imprisonment for not more than two years, or both." Local laws and ordinances and College regulations are preempted by state laws regarding regulation of alcoholic beverages.

B. Illicit Drugs

The Federal Controlled Substances Act (21 U.S.C.A. 841, et seq.) provides "first-offense" penalties of up to 15 years imprisonment and fines of up to \$25,000 for unlawful distribution or possession with intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to five years of imprisonment and fines of up to \$15,000. Any person who unlawfully distributes a controlled substance after a prior conviction or to a person under 21 years of age or within 1,000 feet of the university campus may be punished by up to twice the term of imprisonment and fine otherwise authorized by law.

North Carolina law provides that any person who violates the criminal statutes by selling, distributing or manufacturing opiates and narcotics such as cocaine and heroin, shall be guilty of a Schedule I or II drug offense.

For a Schedule I or II substance, the crime is a Class H felony punishable by maximum imprisonment of 10 years and/or a fine. Any person who sells, distributes, or manufactures substances such as barbiturates, depressants, stimulants, or marijuana shall be guilty of a Schedule III, IV, V or VI drug offense. This crime constitutes a Class I felony punishable by maximum imprisonment of five years and/or a fine. Possession of a Schedule I substance constitutes a Class I felony. Possession of a substance classified in Schedules II, III or IV constitutes a misdemeanor punishable by maximum imprisonment of two years and/or a \$2,000 fine (or a Class I felony if quantity is sufficiently large). Possession of a substance classified in

Schedule V constitutes a misdemeanor punishable by maximum imprisonment of six months and/or a \$500 fine. Possession of a Schedule VI substance is a misdemeanor punishable by maximum imprisonment of 30 days and/or a \$100 fine.

Nicotine Abuse

Nicotine is readily absorbed into the bloodstream when a tobacco product is chewed, inhaled, or smoked. A typical smoker will take 10 puffs on a cigarette over a period of 5 minutes that the cigarette is lit. Thus, a person who smokes about 1½ packs (30 cigarettes) daily gets 300 “hits” of nicotine each day.

Upon entering the bloodstream, nicotine immediately stimulates the adrenal glands to release the hormone epinephrine (adrenaline). Epinephrine stimulates the central nervous system and increases blood pressure, respiration, and heart rate.

Like cocaine, heroin, and marijuana, nicotine increases levels of the neurotransmitter dopamine, which affects the brain pathways that control reward and pleasure. For many tobacco users, long-term brain changes induced by continued nicotine exposure result in addiction—a condition of compulsive drug seeking and use, even in the face of negative consequences. Studies suggest that additional compounds in tobacco smoke, such as acetaldehyde, may enhance nicotine’s effects on the brain.

When an addicted user tries to quit, he or she experiences withdrawal symptoms including irritability, attention difficulties, sleep disturbances, increased appetite, and powerful cravings for tobacco.

Alcohol Abuse

Ethyl alcohol, or ethanol, is an intoxicating ingredient found in beer, wine, and liquor. Alcohol is produced by the fermentation of yeast, sugars, and starches. It is a central nervous system depressant that is rapidly absorbed from the stomach and small intestine into the bloodstream. A standard drink equals 0.6 ounces of pure ethanol, or 12 ounces of beer; 8 ounces of malt liquor; 5 ounces of wine; or 1.5 ounces (a “shot”) of 80-proof distilled spirits or liquor (e.g., gin, rum, vodka, or whiskey).

Alcohol affects every organ in the drinker’s body and can damage a developing fetus. Intoxication can impair brain function and motor skills; heavy use can increase risk of certain cancers, stroke, and liver disease. Alcoholism or alcohol dependence is a diagnosable disease characterized by a strong craving for alcohol, and/or continued use despite harm or personal injury. Alcohol abuse, which can lead to

alcoholism, is a pattern of drinking that can result in harm to one's health, interpersonal relationships, or ability to work.

IV. Drug and Alcohol Programs

A-B Tech is committed to supporting the whole student through their educational process. To this end, various programming and events have been developed. According to the National Institute of Drug Abuse (NIDA), the Principles of Drug Addiction Treatment, and more than three decades of scientific research show that treatment can help drug-addicted individuals stop drug use, avoid relapse and successfully recover their lives.

Currently Enrolled Students

The following programs for drug and alcohol abuse prevention and treatment options are available to currently enrolled students at A-B Tech:

1. The staff from Support Services hosts an information booth at the Fall Welcome Back event to help make students aware of their services. The staff also makes classroom presentations during the semester.
2. Addiction, Recovery, and Coping (ARC) program for students is presented each semester to students via their email. These programs are open to all students, but may be required for students in violation of College policy as a first level disciplinary sanction. Program Information can be found at abtech.edu/arc.
3. The RESET room was open in the fall of 2018. This is a safe space for students to come, press pause, and reset before continuing with their day. The design of the room is that it's always staffed so no one has to be alone; isolation being a key contributor to relapsing use of a substance.
4. Addiction, Recovery, and Coping (ARC) information to be sent to student emails monthly to remind them of treatment, support, and educational options.
5. Additional educational materials, printed brochures, programs, and other resources are available through both the Student Life and Support Services departments in the Coman Student Center, Bailey Student Services Center, and through the A-B Tech student health clinic. The printed brochures available to students include:
 - Seeking Drug Abuse Treatment: Know What to Ask
 - Tips for Cutting Down Drinking
 - Today's Alcohol Demands a Closer Look
 - Harmful Interactions: Mixing Alcohol with Medicine
 - Prescription Drugs
 - Helping a Friend
 - A Family History of Alcohol
 - About Recovery
 - Getting Help in a Crisis
 - The High Price of Smoking: Tobacco and Money, What Does Smoking Really Cost
6. Support Services can provide short-term counseling for students with concerns regarding drug and

alcohol misuse. For longer-term treatment, the student will be referred out to community counseling and rehabilitation services.

7. The Student Life Development and Support Services departments hosts a Health and Wellness Fair event each fall for students. This event helps to introduce students to college and community resources and services as related to drug and alcohol abuse prevention and treatment options.
8. Substance Use Assessment and Referral with A-B Tech professional counselor (available upon request, and as a possible disciplinary sanction). Students are assessed for substance misuse and referred for treatment to appropriate community resources.
9. Student Opioid Awareness Video will be shown in all ACA classes during the beginning of fall and spring semesters. A link to the video (abtech.edu/arc) will be emailed to all curriculum students.

Employees

The following resources and programs are available for employees at A-B Tech:

1. A-B Tech encourages the identification and treatment of alcohol and chemical dependency in its early stages before work is affected. Toward this end, the College retains the services of an Employee Assistance Program (EAP) to assist employees who request help with substance abuse. Employees will not be disciplined, demoted, or terminated for seeking professional counseling and/or treatment to recover from an alcohol or chemical dependency. However, employee performance and work behavior will continue to be evaluated consistent with the College's expectations and requirements.
2. A-B Tech partners with Employee Assistance network (EAN) to offer employee educational programming on drug and alcohol awareness, including information on the health risks associated with drug and alcohol usage. EAN also offers confidential short-term counseling and referrals.
3. Participate in the employee assistance and/or complete a treatment program, if required by the College as a condition of continued employment.
4. A-B Tech Human Resources department hosts an annual employee benefits fair as a component of the college-wide Health and Wellness Fair each fall. This event helps to introduce employees to college and community resources and services as related to drug and alcohol abuse prevention and treatment options.
5. Drug and alcohol abuse awareness and prevention professional development seminars for employees. These sessions will be conducted annually in partnership with various community agencies, including RHA Prevention, and the Sheriff's Department.
6. All faculty participate in a mandatory In Service training before the start of the fall semester on substance awareness, prevention, and response.

V. Disciplinary Sanctions

Consistent with federal, state, and local laws, A-B Tech will impose sanctions on students and employees for violation of College policies and standards of conduct, up to and including expulsion, termination, and referral for prosecution. Possible sanctions are described in more detail below.

Currently Enrolled Students

A student who violates the terms of this policy will be subject to disciplinary action in accordance with the Code of Student Conduct (See [Appendix B](#)) and Student Due Process (See [Appendix C](#)) Policies and Procedures. For violations that threaten the individual or the Campus community, the disciplinary process will be moved to a Threat Assessment Policy and Procedures (See [Appendix D](#)). The Vice President for Student Services or designee may require any student who violates the terms of this policy to satisfactorily participate in a drug abuse awareness program or other sanctions as listed below. For repeated or more severe infractions, the student may be required to complete an off-campus drug or alcohol abuse rehabilitation program sponsored by an approved private or governmental institution as a precondition of continued enrollment at the College. The following sanction options may include, but are not limited to, the following:

1. Determination of disciplinary Warning, Probation, or Suspension.
2. Complete a drug and alcohol use assessment in order to identify the student's current level of use and to identify appropriate service recommendations.
3. Required to attend one or more collegiate recovery group and/or a community recovery event.
4. Mandatory counseling focusing on drug or alcohol abuse.
5. Referral for offsite formal clinical assessment and treatment.

The Board of Trustees endorses that a student has a liberty and/or property interest in their education, which is the expectation to continue enrollment at the College in the absence of academic failure and/or misconduct. Prior to action by the College to deprive a student of this interest through suspension or expulsion, the student will be given due process. The extent of process due is determined by state law. In addition, students who have been charged with a violation of the Code of Student Conduct (see [Appendix B](#)) shall be provided with an equitable system of due process, which can include the right to a fair hearing. For the complete Student Due Process Policy and Procedures, please reference [Appendix C](#).

Employees

Violations of the Drug and Alcohol Policy or Procedure and/or a confirmed positive drug/alcohol screen may result, at A-B Tech's sole discretion, in disciplinary action and/or dismissal of any employee, depending on the College's interpretation of the circumstances and subject to Policy # 509.02, Employee Due Process policy (See [Appendix E](#)). Violations may also result in legal consequences, as A-B Tech will notify the appropriate authorities whenever warranted.

At its sole discretion, in lieu of or in addition to taking disciplinary action against an employee, the College may require the employee to satisfactorily complete a drug or alcohol abuse assistance or rehabilitation program. If an employee refuses to seek treatment when required, does not respond to treatment, and/or there are indications that the drug or alcohol dependency persists, the situation will be handled by the College like any other event which adversely affects job performance.

Drug/Alcohol Screening

A-B Tech maintains a drug/alcohol screening program consistent with legal requirements. All drug/alcohol screening is conducted by an approved laboratory identified by the College and in accordance with the NC Controlled Substance Examination Regulation Act and all testing shall comply with the Controlled Substances Examination Regulation, 13 NCAC 20.0101 *et seq.* All drug/alcohol screens must be approved by, and coordinated through, the Human Resources Department, except those required after hours, which must be approved and coordinated by the A-B Tech Police Department. The Human Resources Department shall be required to maintain all records associated with the College's drug/alcohol screening program.

Drug and/or alcohol testing occurs under the following circumstances:

1. **Pre-Employment.** Pre-employment drug screens are required for employees in safety-sensitive positions and/or College programs where such screening is a requirement for placement at a clinical or other site.
2. **Post-Accident.** When there is Reasonable Suspicion that drug and/or alcohol use or impairment may have contributed to the accident or incident, a post-accident drug/alcohol screen is required for any employee. The College will arrange transportation for the employee to the screening location and then home, if necessary to ensure the employee's safety. If the employee refuses to participate in the drug and/or alcohol screening, it will result in a positive test.
3. **Reasonable Suspicion.** A supervisor, with agreement of the appropriate ELT member and the Vice President of Human Resources and Organizational Development may require an employee to participate in drug and/or alcohol screening when the screening is based on Reasonable Suspicion. If the employee refuses to participate in the drug and/or alcohol screening, it will result in a positive test.
4. ***Safety-Sensitive Positions.*** Individuals employed in safety-sensitive positions are subject to random drug/alcohol screens. Each quarter, using a computer-based number generator, the College will randomly select five percent (5%) of the eligible pool subject to random testing. Once the employees are selected, the College will immediately arrange transportation for the employees to the testing site. If an employee is absent from work on the day his/her number is selected, that employee will be tested with the next group of selected employees the next quarter. If the employee is selected and refuses to participate in the drug and/or alcohol screening, it will result in a positive test.

Consequences for Violating Policy/Procedures

1. Violations of this policy or procedures and/or a confirmed positive drug/alcohol screen may result, at A-B Tech's sole discretion, in disciplinary action and/or dismissal of any employee, depending on the College's interpretation of the circumstances and subject to Policy 509.02, Employee Due Process. Violations may also result in legal consequences, as A-B Tech will notify the appropriate authorities whenever warranted.
2. At its sole discretion, in lieu of or in addition to taking disciplinary action against an employee, the College may require the employee to satisfactorily complete a drug or alcohol abuse assistance or rehabilitation program. If an employee refuses to seek treatment when required, does not respond to treatment, and/or there are indications that the drug or alcohol

dependency persists, the situation will be handled by the College like any other event which adversely affects job performance.

3. An employee who refuses to submit to a drug or alcohol screen that is consistent with the above criteria, adulterates or dilutes the specimen/sample, substitutes the specimen/sample with that from another person, sends an imposter, refuses to sign the required consent forms, and/or refuses to cooperate in the screening process in such a way that it prevents completion of the examination, will be dismissed subject to Policy # 509.02, Employee Due Process Policy (See [Appendix E](#)).

Participation in College - Sanctioned and other Work-related Activities where Alcohol Is Served

1. When an employee and/or guest attend a College-sanctioned or work-related activity where alcohol is served, each individual is expected to use good judgment with regard to the amount of alcohol consumed and the legal requirements for safely driving away from the activity. Under no circumstances may an individual under the age of 21 hold or drink an alcoholic beverage on the College's premises or work-related activity at another location.
2. When the activity is hosted by A-B Tech, the College will arrange for alternate transportation to assist an impaired employee and/or guest in getting home safely when the need is brought to the attention of the A-B Tech employee in charge of the activity. In all situations, each employee and/or guest is responsible for their own behavior and any resulting consequence.
3. When chaperoning students during an off-site activity, the employee has an obligation to inform the students that the College's Drug and Alcohol policy is still in effect. Knowingly permitting a student to consume alcohol, except as specifically allowed by the Drug and Alcohol policy, may result in disciplinary action or dismissal, depending on the College's interpretation of the circumstances and/or legal requirements.

Procedure 113: Drug and Alcohol

General Prohibition

A-B Tech is committed to providing a drug-free learning and working environment. From a safety perspective, the use of drugs or alcohol may impair the well-being of students, employees, and visitors, interfere with the College's educational environment, and result in damage to College property. A-B Tech complies with the Drug Free Workplace Act and the Drug Free Schools and Campuses Act (DFSCA) and applicable Department of Education requirements by instituting the following practices:

1. The College will conduct an annual review of the effectiveness of the Drug and Alcohol Abuse Prevention Program (DAAPP). This activity will be the responsibility of the Vice President for Student Services, Vice President of Human Resources and Organizational Development, or designee. 9. Any student who manufactures, possesses, uses, sells, gives, or in any way transfers a Controlled Substance or Impairing Substance while at a College Location will be subject to disciplinary action up to and including expulsion and referral for prosecution, and possible legal sanctions.

Employee Assistance Program/Substance Abuse Treatment

A-B Tech encourages the identification and treatment of alcohol and chemical dependency in its early stages before work is affected. Toward this end, the College retains the services of an Employee Assistance Program (EAP) to assist employees who request help with substance abuse. Employees will not be disciplined, demoted, or terminated for seeking professional counseling and/or treatment to recover from an alcohol or chemical dependency. However, employee performance and work behavior will continue to be evaluated consistent with the College's expectations and requirements.

2. *Post-Accident.* When there is Reasonable Suspicion that drug and/or alcohol use or impairment may have contributed to the accident or incident, a post-accident drug/alcohol screen is required for any employee. The College will arrange transportation for the employee to the screening location and then home, if necessary to ensure the employee's safety. If the employee refuses to participate in the drug and/or alcohol screening, it will result in a positive test.

4. *Safety-Sensitive Positions.* Individuals employed in safety-sensitive positions are subject to random drug/alcohol screens. Each quarter, using a computer-based number generator, the College will randomly select five percent (5%) of the eligible pool subject to random testing. Once the employees are selected, the College will immediately arrange transportation for the employees to the testing site. If an employee is absent from work on the day his/her number is selected, that employee will be tested with the next group of selected employees the next quarter. Participation in College - Sanctioned and other Work-related Activities where Alcohol Is Served.

1. When an employee and/or guest attend a College-sanctioned or work-related activity where alcohol is served, each individual is expected to use good judgment with regard to the amount of alcohol consumed and the legal requirements for safely driving away from the activity. Under no circumstances may an individual under the age of 21 hold or drink an alcoholic beverage on the College's premises or work-related activity at another location.

3. When an employee is chaperoning students during an off-site activity, she or he has an obligation to inform the students that the College's Drug and Alcohol policy is still in effect. Knowingly permitting a student to consume alcohol, except as specifically allowed by the Drug and Alcohol Policy, may result in disciplinary action or dismissal, depending on the College's interpretation of the circumstances and/or legal requirements.

Consequences for Violating Policy/Procedures

4. Violations of this policy or procedures and/or a confirmed positive drug/alcohol screen may result, at A-B Tech's sole discretion, in disciplinary action and/or dismissal of any employee, depending on the College's interpretation of the circumstances and subject to Policy 509.02, Employee Due Process. Violations may also result in legal consequences, as A-B Tech will notify the appropriate authorities whenever warranted.
5. At its sole discretion, in lieu of or in addition to taking disciplinary action against an employee, the College may require the employee to satisfactorily complete a drug or alcohol abuse assistance or rehabilitation program. Therefore, there are behavioral expectations that outline the responsibilities and proper practices for all students at the College. When, in the judgment of College officials, the student's conduct disrupts or threatens to disrupt the College community, appropriate disciplinary action will be administered. Students have the rights of Due Process when accused of a violation of the Code of Student Conduct (please reference policy 823). All matters related to alleged sexual misconduct shall be referred to the College's Title IX Coordinator and governed pursuant to the Sexual Misconduct Policy 112. Procedure 819: Threat Assessment Procedure

Overview

A-B Tech is committed to providing a safe learning and working environment. As such, the College utilizes a threat assessment process to determine whether or not a student's behavior constitutes a potential safety risk to the individual or others. Matters that rise to the level of a potential threat will be handled solely under the Threat Assessment Policy. If the potential violation of this procedure includes other behaviors or conduct that may also violate the Code of Student Conduct (Policy #804), the violations will also be handled through this procedure.

Introduction

A threat assessment is an objective process relying on a review of behaviors or conduct to identify potentially harmful, dangerous, or violent situations and to identify possible solutions. A threat is defined as any communication or behavior that suggests to a reasonable person that an individual may intend to harm him or herself or others. The threat may be spoken, written, or gestured and is considered a threat regardless of whether it is observed by or communicated to a third party.

Examples of prohibited conduct that may rise to the level of a threat assessment include, but are not limited to:

- Injuring another person physically including assault;
- Engaging in behavior that creates a reasonable fear of injury to oneself or others including bullying and/or disorderly conduct;

- Engaging in behavior that would subject a reasonable person to, and does subject another individual or individuals to, extreme emotional distress;
- Possessing, brandishing, or using a weapon while on College premises by students except where possession is a result of participation in an organized and scheduled exercise for a course, or where the student is a law enforcement professional;
- Intentionally damaging property;
- Threatening to injure an individual (including oneself) or to damage property; and
- Retaliating against any employee, student or community member who, in good faith, reports a violation of College policy.

In situations where a student may pose a threat to him or herself, the individual may be directed to Student Support Services. However, if the potential threat to him or herself includes other behavior or conduct that may also violate the Code of Student Conduct (Policy #804), the violation will be handled through this process.

There are many behaviors that may cause concern for the safety and well-being of an individual or the campus as a whole. The following is not an exhaustive list but provides examples of concerning behaviors or situations:

- Unusual or abrupt changes in behaviors or patterns;
- Extreme emotional reaction to a loss, traumatic event or situation;
- Preoccupation with weapons, violent events or persons who have engaged in violent acts;
- References to harming others or planning a violent or destructive event;
- Prolonged irritability, angry outbursts or inordinate reactions to situations;
- Strained interpersonal relations, isolating behaviors and/or hopelessness;
- Stalking others, either in person or electronically;
- Past history of disciplinary problems and issues; and
- Verbal or physical altercation with another student, faculty, staff, or community member.

These examples of potentially threatening behaviors are not intended to operate as speech codes, promote content and viewpoint discrimination or suppress minority viewpoints in the academic setting. While a student's speech or expression may be deemed offensive by others, it does not necessarily mean it constitutes a threat under this Policy.

Reporting Potential Threats

Anyone who believes that the immediate safety and well-being of an individual or the campus as a whole are at risk should notify the A-B Tech Police Department or call 911. The A-B Tech Police Department is located across from the parking deck in the Mission Health/A-B Tech Conference Center and can be reached by phone at (828) 398-7125. A-B Tech Police officers are available 24-hours a day, 7-days a week. To reach the on-duty officer, please call (828) 279-3166. The A-B Tech Police will forward the report to the Vice President for Student Services (VPSS) or designee and will work in partnership to determine the best course of action.

Individuals may also make a report to the Office of the VPSS by submitting an incident report at www.abtech.edu/incidentreport. While anonymous reports are accepted, it is important that

individuals making reports share as much information as possible. The College will make every reasonable effort to preserve the confidentiality of those reporting threatening behaviors. However, confidentiality cannot be guaranteed in the process.

Retaliation

Retaliation against any person in connection with a report of a threat is strictly prohibited. Reports of retaliation will be addressed through this policy and/or other applicable College policies. Retaliation includes, but is not limited to, any form of intimidation, punitive actions from an authority figure or peers, reprisal (acts of vengeance) or harassment. Retaliation is a serious violation and should be reported immediately. The College will take appropriate disciplinary action against anyone found to have retaliated against another.

Standard of Evidence

The College uses the preponderance of the evidence as the standard for proof of whether a violation occurred. In the threat assessment process, legal terms like “guilt, “innocence” and “burdens of proof” are not applicable. Student Hearing outcomes take into account the totality of all evidence available from all relevant sources. The College will find the Student either “responsible” or “not responsible” for violating College this policy.

Threat Assessment Process

After the VPSS or designee reviews the initial report and determines that it warrants further review, a Threat Assessment Team (Team) will be assembled.

Interim measures shall only be used when necessary to protect the student’s emotional and physical health and to protect the safety of the campus community. When interim measures are implemented, every effort will be made to expedite the assessment process. Interim measures may include, but are not limited to, changing the student’s academic environment or temporary suspension through the investigation and hearing process. Suspensions can only be imposed by the VPSS or the President.

A Team will be comprised of no less than four members of the College’s Behavioral Intervention Team (CARE Team) in an effort to ensure an efficient and equitable assessment. The VPSS or designee may at his or her discretion include additional members to the Team. If a conflict or appearance of conflict arises for any member of the Team, the VPSS or designee shall appoint a substitute for that member.

The VPSS or designee will serve as chair and provide the Team with the following information:

- The original report or A-B Tech Police incident report;
- Any witness statements and/or any other supporting documentation;
- Any previous disciplinary issues relevant to the threat; and
- Any additional relevant information that would be useful to the Team.

The role of the Team is to review the alleged threat and evaluate the alleged student’s behavior/conduct in light of the accumulated evidence in order to determine if a violation of College policy has occurred and whether or not the student constitutes a threat.

The VPSS or designee will provide a written notification to the student explaining that a Team has been assembled and is evaluating the possible threat. This notification will also include the date and time of the Threat Assessment Hearing. Prior to the hearing, the student has the right to review all evidence, including written statements. Strict rules of evidence do not apply in the hearing. If the student is not

able to attend, reasonable modifications to the date will be made. However, if the student chooses not to attend the scheduled hearing, the hearing will proceed as planned utilizing the evidence available.

During the hearing, the Team will have full investigatory authority when reviewing the alleged threat and evaluating the student's behavior or conduct. The Team will interview or review statements from the student, witnesses, and other relevant parties involved in the incident. All pertinent parties have a right to speak and be questioned by the Team during the hearing. Direct cross-examination between parties takes place in a modified format. The student has the right to pose questions of those providing evidence through the Team chair.

The Team has the right to inspect the student's school record and may request that the student provide secondary and post-secondary school records. The Team may also request that the student provide additional information such as medical records.

The student is allowed to be accompanied by an advocate. The role of the advocate is to provide support to the student and not to speak on behalf of the student unless invited to do so by the chair. If the student chooses to have an advocate, the student must provide the name and role of the advocate to the VPSS at least three College business days prior to the hearing date.

Threat Assessment Finding

The student has a right to a written notice of the hearing outcome. The hearing outcome will determine if the student is in violation of this procedure and the Code of Student Conduct (Policy #804), and if any sanctions should be imposed. Possible sanctions may include:

- Warning;
- Probation;
- Administrative withdrawal from the Academic Program or course without refund;
- Required counseling;
- No contact directive;
- Suspension from the College without refund;
- Expulsion with automatic appeal to the President; and
- Other sanctions deemed appropriate

Appeal

The student has a right to appeal the outcome of the Threat Assessment Hearing to the College President or designee. Upon receipt of the hearing outcome, the student has five College business days to submit a notice requesting an appeal. This notice must be submitted in writing to the Office of the VPSS. If the recommendation of the Team is suspension from the College, the student will remain suspended through the appeal process. The President's document review does not include a new hearing but shall consist of evidence presented at the hearing along with a recording of the proceeding. The President or designee will affirm, modify, or overturn the decision of the Team. The President or designee's decision will be final and notification of the decision will be sent directly from the Office of the President to the student.

Return to Campus

A student who is suspended from the College as a result of a threat assessment may be considered for re-enrollment. A student wishing to be considered for re-enrollment should contact the Office of the VPSS. Based on sanction requirements additional documentation may be required, including compliance with any conditions that may have been set for re-enrollment.

Records Retention

All documentation will be stored in the Office of the VPSS for a period of seven years at which point the documentation will be moved to an electronic version to be retained permanently. In cases where the student is found to be in violation of this policy or other College policies, this information will be considered as a disciplinary record with the College.

Definitions

Expulsion: Completely withdraw from the College. Does not typically allow for re-enrollment.

Suspension: Complete withdraw from the College with option for future re-enrollment after a specified period.
