Associate in Arts: Foreign Language Pathway

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

A foreign language major provides students with an enriched view of the world plus foreign language skills that are useful in many professions. Graduates in a foreign language may work in professions such as education, law, business, management or publishing. The major can be combined with other areas of study to prepare for careers in fields such as international relations, environmental studies, linguistics, global law, travel, or communication.
