Associate in Arts: Social Work Pathway

All Pathways are design to transfer to a four-year institution for eventual completion of a BA/BS or BFA degree.

The social work pathway prepares graduates to enter a bachelor degree program in social work, and the field of social work spans multiple career options. Many people choose a social work career based on the types of people they want to help as well as the work environment they prefer.

Many social workers provide clinical and case management services directly to individuals, couples, families, and groups. Social workers serve clients dealing with a range of challenges including poverty, physical and mental health issues, addiction, and family problems. They may provide clinical services, such as therapy or counseling, and connect people to resources in the community to help them overcome challenges.

The Social Work Pathway is fully online.

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
