Associate in Arts: Philosophy Pathway

All Pathways are designed to transfer to a four-year institution for eventual completion of a BA/BS degree.

The field of philosophy examines some of humanity's most intriguing and perplexing questions. The study of philosophy helps students formulate questions, examine assumptions, propose reasoned answers, and defend positions – all central to the development of critical thinking skills. Philosophy provides an excellent preparation for law school and other professional programs, as well as a foundation for careers in business, education, writing or public service.

The Philosophy Pathway is fully online.
