Associate in Science: Architecture Pathway

An architecture major provides students with creative, visual, practical and design-based skills that are useful in many professions. Graduates may work in professions such as architecture, landscape architecture, urban planner or project manager. Graduates will design and supervise the creation of new or renovated residential, commercial or industrial buildings.

	ECO 251	Prin of Microeconomics	3
	HUM 220	Human Values and Meaning	3
	PHY 152	College Physics II	4

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
