## Accelerated Associate in Arts

The Accelerated Associate in Arts is designed to allow a student to complete a college-transfer degree in 15 to 18 months. This opportunity for high-achieving students who are ready for college and plan to pursue a bachelor's degree can be completed online. The coursework includes many of the general education classes that are most commonly required for a bachelor's degree. A-B Tech has guaranteed admissions agreements with top bachelor's-degree-granting colleges and universities in our region, including UNC-Asheville, Western Carolina University, East Tennessee State University, and Mars Hill University.

The Accelerated AA Pathway is fully online.

If Interession classes are available, it is recommended that students take some of their Summer classes during Interession.

AA and AS degrees require completion of a minimum of 60 semester hours of credit, but pathways may include extra hours to meet university baccalaureate degree plans. Completion of hours beyond 60 may not be required to meet AA or AS graduation requirements but is recommended based on programs offered by intended transfer institutions.
