

# Your Workforce Development Engine

NCEdge ensures your workers have the skills they need to help your business thrive in North Carolina.

## Who We Are

We are your NCEdge. Through customized training, we provide the skills you need to achieve your business goals. And we're one of the best in the nation to do it.

## How We Help

Your industry is always evolving. We help your employees learn new technologies, keep pace with industry trends, and unlock their career potential so that you maintain a competitive edge in your market.

Consistently among the best states for business (CNBC)\*

Colleges to choose from within NC's 100 counties

Average economic impact in North Carolina over the past 5 years

\*CNBC Article, 7/11/2023, North Carolina is Top State for Business Led by Workforce Economy.

\*Source: Independent survey of North Carolina business by National Institute of Standards and Technology, U.S. Department of Commerce

# How It Works

1

## Engage & Envision

Connect with your local NCEdge director, share your training goals, and start building a stronger workplace.

2

## Tailored Training Roadmap

Get a custom training strategy designed for your needs, valid for up to three years.

3

## Seamless Execution

We handle everything from curriculum design to implementation. Your only task? Schedule your employees to attend their upcoming sessions.

## Organization Eligibility

To access NCEdge training programs, your company must:

Belong to one of the following industries:

- National Headquarters with operations outside of North Carolina
- Regional or National Warehousing / Distribution Center
- Manufacturing
- Information Technology
- Life Sciences
- Customer Support Center
- Air Courier Services

And meet two or more of the following criteria:

- Make an appreciable capital investment
- Deploy new technology
- Create new jobs, expand an existing workforce, or enhance the productivity and profitability of operations within North Carolina
- Enhance the skills of workers
